

MAY RUN THROUGH TO GREENVILLE.

C. N. & L. Now Operating Two Passenger Coaches On Its Morning Train to Columbia.

The Columbia, Newberry and Laurens road is now operating two passenger coaches on its through freight to Columbia in the morning and back to Laurens in the evening. Since the schedule was put in effect only one passenger coach had been operated, but on account of the great convenience of this schedule the patronage has increased so much that the addition of a second passenger coach has been justified.

The travel on this train is increasing so materially that it is understood the road is seriously thinking of converting the train into a solid passenger, and operating it through to Greenville. This would give Newberry the most convenient railroad schedules the town has ever had. The people of this section, as now, could spend the day either in Columbia or Greenville, or intermediate points, returning to Newberry the same night; and they could, as now, spend the night in Columbia, returning early next morning; and with the train operating through to Greenville they could spend the night in Greenville, returning home the next morning.

The people of Newberry and of this section appreciate the convenient schedules which the Columbia, Newberry and Laurens road has given them in the past, and they will appreciate any further conveniences.

First Cost Not the Cheapest.

The first cost of an article does not necessarily determine its cheapness. For instance, a sack of "Clifton" flour may cost you a little more than other so called p.tert flours, but it will be cheaper to you in the end. Why? Because it will not only make more bread to the sack, but will take less lard and soda to make it. Order a sack of "Clifton" and make a test for yourself. It will prove the truth of this statement.

THE NEW SCHOOL DISTRICT.

Pressly School Opens With A Large Enrollment and With Bright Prospects.

The opening of Pressly school, in District No. 59, which occurred on the 15th of this month, was a very happy occasion. No. 59 is a new school district, and on the opening day of the school, of which Miss Carrie Lee Buford is teacher, one of the biggest picnics that section of the county has ever known was given. Not only the children, but their parents and their friends for miles around were present and enjoyed the occasion.

The school opened with an enrollment of 29, and this number will be very materially increased during the session. The prospects for a successful year are very encouraging.

A number of speakers had been invited to be present and to make addresses on the occasion of the opening, but they failed to come, and those present said they enjoyed the day more on that account.

SHERIFF BUFORD PLAYS DETECTIVE

He Was In Georgia In Search of a Murderer and He Got His Man.

The following is from the Effingham County News, published at Guyton, Ga., of October 16th:

Mr. M. M. Buford, sheriff of Newberry county, S. C., arrived here Monday night with requisition papers for Wm. Bryson alias Young, colored, wanted for murder in Laurens county, S. C. Mr. Buford was working the case for the sheriff of Laurens county, and displayed no little detective skill in getting his man. On arriving here, for fear of being recognized by his man he disguised himself with a long black beard, and played the role of a wealthy gentleman who wished to buy syrup from our farmers. After locating Bryson who has for some time been working as a section hand here, he informed Mr. J. C. Fox, town marshal, of his business, and together they drove out about three miles where the gang was at work and made the arrest.

Bryson killed a man by the name of Watts in Laurens county, S. C., over four years ago, and has been in this county nearly ever since. He admitted that he was the right man and claims that he killed the man in self-defense.

Mr. Buford is a genial good natured gentleman and full of fun.

Mr. Buford is the officer who captured Ab Ivory alias Charley Hill wanted for murder in Columbia last spring and also Hamp Matthews another criminal.

He left with his prisoner on the 10 o'clock train last night for South Carolina.
